

PS-S-240 (Rev. B) Installation Overview

POWER SUPPLY POSITIONING

Avoiding very exposed positions and positions in direct sunlight will increase the lifetime of this unit.

This power supply unit must NOT be positioned such that standing water can accumulate around it.

For detailed installation instructions please refer to the hilite II installation manual.

<i>Hilite II Colour</i>	<i>Maximum Hilite II length</i>
Green	60m Total - 30m max per output
Blue, White, Purple	50m Total - 25m max per output
